Proposed Resumption of CIA Library Accessions List

1. The GRA is of the opinion that a CIA Library accessions list would be most useful and it would like to have the publication of such a list resumed.

2. In order to ensure the maximum effective use of any accessions list which may be published, it is strongly recommended that it be organized a.) by country and b.) by topic within countries. Any other arrangement would tend to discourage the use of the list. The CIA Map Library (D/HL) publishes an accessions list which is arranged in this manner and it is very easy to use.
